Dear Parent or Guardian of 6th Grade Students,

Nevada State Law requires that a student receive the newly required MCV4 (Meningococcal) vaccination along with the required Tdap vaccination prior to entering 7th grade.

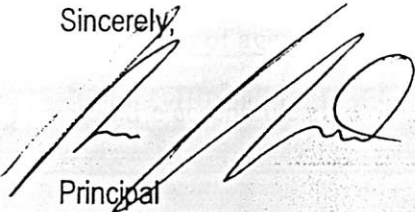

If your child has not received the required Tdap or MCV4 immunization, take this form along with any existing immunization records, to your health care provider or the Southern Nevada Health District to obtain the required vaccine(s). The Southern Nevada Health District's clinic sites can be found by visiting the website at <http://www.southernnevadahealthdistrict.org/>

Provide a copy of the updated immunization record to the school by **Wednesday, August 1, 2018**.

If your child is exempt from these immunization(s) for a medical or religious reason, please provide the necessary documentation.

Should you have any questions or require additional information, please call the school health office at 702/799-7470 x 4020.

Sincerely,

Principal
